Lost and Found

Lost & Found: we have accumulated quite a bit of clothing and other odds/ends students have left around the building. If your child has misplaced anything, please have them check the Lost/Found bins located in the cafe and in the ground floor lobby or in the Attendance office. All items still left as of December 18 will be donated to a charity.

A note from the SRC

Are you interested in winning a FREE graphic novel? All you have to do is visit the SRC website and write 5 book reviews. The reviews should be at least 5 sentences or more, give a short summary of the book, and your thoughts - no spoilers! These reviews will be posted on the SRC website for others to see. Once you have completed 5 reviews - you get to select a FREE graphic novel from our cart. Good luck and happy reading! <http://gsmstsrcenter.weebly.com/>

A note from our Counselors

Now is the time of year when many students and families begin getting information from colleges and other college-planning services. While we encourage you to read over any college material you may receive (you may discover a hidden jewel you never knew about!), we caution families to read carefully any information they receive from other companies. There are legitimate companies offering help with preparing for college and financial aid, however, there are also many companies that seek to prey on those who may be feeling anxious or may not know as much about the college application process. If you have any doubts about a letter you receive, a quick google search on the company name can often give insight into the nature of that company. If you are still not sure, please feel free to contact your counselor and ask. Beware of any companies that offer "guarantees" of scholarship money or who want you to pay "processing fees."

All GSMST students will have the opportunity for an individual meeting with their counselor in the spring of their Junior year to discuss college processes and

prospects. This year, we will also be holding a college fair and college workshop on April 26. This event will be open to all 9-11 graders, so mark your calendars now!
