GSMST Community Service Log

GSMST students who complete 200 or more hours of community service during high school are eligible to receive a community service seal on their diplomas. Use this log to record community service hours you earn during your years at GSMST. Please turn logs in to the counseling office at the end of each year, so that we can help you maintain an accurate record. Remember to record the number of hours you complete and have the supervising adult sign the log. Community service is unpaid volunteer work, so do not log any activities for which you are paid or receive school credit (i.e. Junior Fellowship or Senior Capstone activities).

Date	# of hours	Name of group or individual you worked for	Description of activity	Adult Signature

Total Recorded Hours: _____
